## PROFESSIONAL SUMMARY

AI/ML-focused B.Tech CSE graduate with hands-on experience in machine learning, computer vision, generative AI, Python, data analytics, and automation. Built an AI resume screening platform, facial recognition system, and acoustic crack-detection solution; seeking entry-level AI/ML, GenAI, Python, or software roles.

## EDUCATION

B.Tech CSE (Artificial Intelligence and Machine Learning)  
Vels University, Chennai | CGPA: 8/10

08/2022 - 05/2026

## TECHNICAL SKILLS

**AI & GenAI:** Hugging Face, LLMs, RAG, Embeddings, OpenAI API, Prompt Engineering, NLP

**Machine Learning:** Scikit-learn, TensorFlow, PyTorch, Deep Learning, OpenCV, Computer Vision, Classification, Regression, Model Evaluation

**Programming & Web:** Python, Java, C++, C, HTML, CSS, JavaScript (basic)

**Data & Visualization:** Pandas, NumPy, Matplotlib, Seaborn, Power BI, Tableau

**Databases:** SQL, MySQL, RDBMS, Database Design, Joins, Subqueries, Normalization

**Core CS & Tools:** OOP, DSA, DBMS, Operating Systems, Git, GitHub, VS Code

## INTERNSHIP EXPERIENCE

Artificial Intelligence Intern  
Novitech Pvt Ltd

05/2025 - 07/2025

- Built AI-driven solutions using Python, TensorFlow, PyTorch, and OpenAI API.
- Preprocessed datasets and evaluated machine learning models to improve prediction accuracy.

Data Analyst Intern  
Novitech Pvt Ltd

05/2024 - 07/2024

- Built interactive dashboards and reports using Power BI and Tableau.
- Cleaned, analyzed, and visualized data using Python, Matplotlib, and Seaborn.

## PROJECTS

### AI Resume Screening & Job Match Platform (MVP)

- Built a Streamlit app for PDF resume upload, semantic resume-job matching with Sentence Transformers/TF-IDF, and skill-gap detection.
- Added explainable scoring, multi-resume ranking, improvement suggestions, and CSV export using Python, Scikit-learn, Pandas, and pypdf.

### AI-Based Facial Recognition System

- Implemented Haar Cascade face detection and LBPH recognition in Python/OpenCV with numerical identity labels.
- Built a trainable recognition workflow and assessed the impact of limited training data on recognition accuracy.

### AI-Based Railway Track Crack Detection using Acoustic Wave Analysis

- Analyzed acoustic-wave frequency variations to identify structural-crack patterns and support early fault detection.
- Designed a non-destructive monitoring approach to improve inspection efficiency and railway maintenance safety.

### Zoho School Management System

- Designed 15+ interconnected CRM modules covering admissions, students, attendance, exams, results, fees, and payments.
- Integrated Zoho Creator with CRM using Deluge and automated grades, fee balances, and admission-to-student workflows.

## LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Technical Club Coordinator | Vels University - Coordinated technical club activities, workshops, and student-focused technology events.  
Department Sports Team Head | Vels University - Led department sports participation and teamwork for interdepartmental events.

## CERTIFICATIONS
